TALENTO@DEI

Dec 2022 – Jul 2023

Selected for Talento@DEI, a prestigious program by the University of Coimbra's Department of Informatics Engineering. Participated in the "Challenges in Informatics" course, attended expert-led classes, and developed an advanced computing project, enhancing my technical and analytical skills.

ROSMANINHO ARQUITETURA

2022 – Present

Creates image montages for architectural projects and manages the website for Rosmaninho Arquitetura. Responsible for adding new projects and ensuring the website runs smoothly.

BOTOLYMPICS

May 2023

Competed in BotOlympics, a four-day robotics hackathon at the University of Coimbra, developing solutions to engineering challenges.

FLYWITHGUI.ME

2023 – Present

Created and developed www.flywithgui.me, driven by the passion for photography and to generate new business opportunities.
